December 14, 2011

Contents

1 Hello World!

In this section, some code is discussed.

1.1 Hello World in C++

This is how you'd write a "hello world" program in C++.

```cpp
#include <iostream>
#include <ostream>

using namespace std;

int main()
{
  cout << "hello world!" << endl;
}
```

1.2 Hello World in Python

This is how you'd do it in Python.

```python
#!/usr/bin/env pytohn

print "hello world!"
```
